MEGA-MUSCLE.

Introducing the FX 57 from DOD. The Hard Rock Distortion pedal that combines distortion with delay. For an effect so strong, it's almost overpowering.

The FX 57 kicks out a wide range of distortions with 7 to 40 milliseconds of delay, to give your sound incredible new punch. In a package

that's tough enough to play longer than any other pedal you can buy.

Add muscle to your distortion sound. Check out the new FX 57 Hard Rock Distortion, along with the entire FX series, at your DOD dealer.

Put the FX 57 Hard Rock Distortion to work with the FX 40B, the FX 75B and the incredible FX 17 Wah-Volume pedal, for a complete rock sound at an affordable price.
